TECHNOLOGY

ORDER RESPONSIBLY DELIVERED EVENT TECHNOLOGY FROM FINLANDIA HALL

Finlandia Hall's experienced event technology team delivers your event's technology so it looks and sounds exactly the way you want.

We combine skilled technical staff, high-quality equipment and responsible practices into a package that supports your event's goals. Sound, lighting, stage structures, presentation and streaming technology are always designed according to the nature of your event and audience, from small meetings to large celebrations and corporate events.

For us, technology is not just a tool, but a way to strengthen your event's message and create a memorable, impactful atmosphere. When the technical execution is in order, you can focus on what matters: encounters, content and interesting conversations.

You can easily find different options in our service price list.

We are happy to tell you more and build the perfect technical package for your event.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

LIGHTING

FINLANDIA HALL

CONCERT LIGHTING

The concert hall stage lighting consists of five (5) truss lines, three of which are located above the stage and two above the auditorium. Programmable moving lights (wash and profile fixtures) are installed on the trusses, enabling versatile and impressive lighting for various events and concerts. The hall's RGBW general lights are connected to the lighting control, so the entire hall's lighting can be managed as one unit. The sound system and backdrop have their own truss lines. The concert package includes, as needed, framing the performance stage from the sides and back with black molton fabric.

Includes:

Front light lines 1 and 2
- 6 pcs Ayrton Huracán Profile

Front light line 2
- 6 pcs Ayrton Huracán Profile

Stage front line:
- 6 pcs Ayrton Diablo Profile
- 7 pcs Ayrton Zonda 3 Wash

Stage middle line:
- 5 pcs Ayrton Diablo Profile
- 6 pcs Ayrton Zonda 3 Wash

Stage back line
- 4 pcs Ayrton Diablo Profile
- 5 pcs Ayrton Zonda 3 Wash

FINLANDIA HALL

Lighting controller: grandMA3 light

Haze machine: MDG ATMe, incl. fluids. Use of the haze machine requires disconnection of fire alarms and therefore a fire watch is needed.

Technician services:

The concert package includes one (1) lighting technician from Finlandia Hall for 8 hours during the event. Additional hours are charged hourly according to the price list.

EXTENDED CONCERT LIGHTING

The stage and hall wall lighting can be supplemented with floor-placed and truss-mounted (profile and wash) fixtures. We provide a separate quote for design work, additional equipment and modification work.

SEMINAR LIGHTING

The lighting technician implements the seminar lighting scenes using the hall's fixed lighting equipment.

Technician:

The seminar package includes one (1) lighting technician from Finlandia Hall for 8 hours during the event.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

LIGHTING

AMBIENT LIGHTING

These are static lighting scenes

The Piazza, Restaurant Halls 1-3, Helsinki Hall foyer and Veranda Halls 1-4 have modern RGBW ambient lights integrated into the ceiling. The lighting is controllable, and a basic atmosphere-supporting lighting suitable for the nature of the event can be created in the space.

LIGHT AMBIENT LIGHTING

Restaurant Halls 1-3, Helsinki Hall foyer Euros / day / space

The ambient lighting of the space can be extended with LED fixtures. The package includes 8-12 floor-mounted LED fixtures depending on the selected space, which illuminate wall surfaces and pillars from below upward.

The price includes installation and dismantling of the lighting.

IMPRESSIVE AMBIENT LIGHTING

Restaurant Halls 1-3

Euros / day / space

Ambient lighting with LED fixtures and moving lights. The package includes 10-20 floor-mounted LED fixtures depending on the selected space for color illumination of wall surfaces, pillars or stairs, and 4-6 moving lights (Moving Head). Moving lights can create patterns and various light textures on the surfaces of the space.

The price includes installation and dismantling of the lighting.

FESTIVE LIGHTING

Festive lighting differs from ambient lighting in that a lighting technician is present who is responsible for lighting control and changes to lighting scenes during the event.

LIGHT FESTIVE LIGHTING

day / space One space, not Piazza
Additional day -50 %

Atmospheric lighting is created in the space with floor-mounted LED fixtures for color illumination of wall surfaces, pillars or stairs. The performance stage is lit with front lights and buffet tables and bars are lit with spotlights.

Spaces: One Veranda space, one Restaurant Hall space, A/B halls, Helsinki Hall foyer.

Includes:

- Up to 30 floor-mounted LED fixtures
- Spotlights on power rails or the space's fixed fixtures
- Performance stage front lights

Technician:

A lighting technician from Finlandia Hall is needed for the duration of the event, charged hourly according to the price list.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

LIGHTING

FESTIVE LIGHTING

ARTIST STAGE FESTIVE LIGHTING

Additional day -50 %

Piazza, Veranda and A-B and Restaurant Halls 1-3.

A clear and stylish lighting package for the performance stage when you want to highlight the artist's performance better. The package brings the artist well into focus and creates a lively but restrained atmosphere on stage without a large concert production. Restaurant Hall, Helsinki Hall Foyer

Includes:

- Front lights
- 6 moving lights
- Haze machine
- Lighting controller

Technician:

One (1) lighting technician and one (1) fire watch from Finlandia Hall are needed for the duration of the event, charged hourly according to the price list.

IMPRESSIVE FESTIVE LIGHTING (L)

For large or combined spaces

Veranda 1-4, Congress Wing A and B Halls, Restaurant Halls, Helsinki Hall foyer.
Additional day -50 %

Impressive festive lighting for combinations of multiple spaces. Atmospheric lighting is created in the space with floor-mounted LED fixtures for color illumination of wall surfaces, pillars or stairs

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

FESTIVE LIGHTING

color illumination. The performance stage is lit with front lights and buffet tables and bars are lit with spotlights.

Atmospheric color lighting is created with LED fixtures. Buffet tables and bars are lit with spotlights. The performance stage is lit from the front with front lights and from behind with moving lights. A smoke or haze machine is used as an effect, which brings the light beams impressively into view.

Includes:

- 40 LED fixtures (maximum)
- Spotlights on power rails or the space's fixed fixtures
- Performance stage front lights
- 6 moving lights
- Lighting control from lighting desk
- Haze machine

Technician:

One (1) lighting technician and one (1) fire watch from Finlandia Hall are needed for the duration of the event, charged hourly according to the price list.

IMPRESSIVE FESTIVE LIGHTING (XL)

Spaces: A and B halls combined, Piazza or Veranda 1-4 combined
Additional day -50 %

Premium festive lighting elevates your event's visual appearance to a new level with versatile lighting. According to the evening's program

LIGHTING

FESTIVE LIGHTING

changing lighting scenes support the event's dramaturgy and rhythm.

The atmospheric general lighting of the space is implemented with LED lights, moving wash lights and profile lights, which highlight the surfaces of the space - walls, floor and ceiling. Gobo projection of logos, textures and patterns enriches the visual appearance of the space. Buffet tables and bars are lit with spotlights.

The performance stage is lit from the front with front lights and from behind with moving head lights, which bring life and variation to the stage background. The stage background is framed with black molton fabric. A smoke or haze machine is used as an effect, which brings the light beams impressively into three-dimensional view.

Includes:

- up to 80 LED fixtures
- rail spots or the space's fixed fixtures
- 4 powerful front lights for the performance stage
- 6 fixtures for gobo projection
- 6 moving lights for wide background

lighting

- 6 moving lights for effect use
- lighting programming and control from lighting desk
- smoke or haze machine

Technician:

Two (2) lighting technicians and one (1) fire watch from Finlandia Hall are needed for the duration of the event. Personnel are charged hourly according to the price list.

FESTIVE LIGHTING

PIAZZA FESTIVE LIGHTING

Additional day -50 %

Piazza lighting consists of four (4) fixed truss lines and moving wash and profile fixtures installed on them, as well as the space's controllable RGBW general lights. These enable versatile and impressive lighting for various events.

Piazza:

- Suspended on 4 truss lines
- 9 pcs Ayrton Huracan Profile
- 24 pcs Martin Mac Aura Wash
- 7 pcs Clay Paky Axcor 400 Spot

Stairs:

- Suspended on 2 fixed truss lines
- 7 pcs Clay Paky Axcor 400 Spot

Lighting controller: grandMA3 compact

Technician:

One (1) lighting technician from Finlandia Hall is needed for the duration of the event, charged hourly according to the price list.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

SOUND SYSTEM

FINLANDIA HALL

The Finlandia Hall venue reservation includes the hall's fixed sound system. The technical equipment used, as well as the number of technicians and working hours, are agreed upon on an event-by-event basis according to the program content.

LIGHT CONCERT SOUND SYSTEM

(small live ensemble)

If the program includes live music, the system is expanded for the performance. Hall sound and stage monitor mixing is done from the hall's sound desk.

Includes:

- Hall mixing desk
- Stage monitors (max 4 groups, wedges)
- Wired microphones

Technician:

- One sound technician is included in the hall rental

CONCERT SOUND SYSTEM

Equipment, hall and monitor mixing. Suitable for situations where performers have separate monitor mixing.

Includes:

- Hall mixing desk
- Monitor mixing desk
- Stage monitors (wedges and in-ear)
- Wired microphones
- Signal distribution (IO and split)

Technician:

Two Finlandia Hall sound technicians are required, one of which is included in the price and the other is charged based on actual hours.

PIAZZA, VERANDA, HALLS A & B

A suitable sound system is built for the event space.

MUSIC SOUND SYSTEM, MIXING AND MONITOR MIXING

A sound system package suitable for the space for live music, such as party bands and similar ensembles. The package includes both the sound equipment and on-site mixing service.

Includes:

- Main speakers (PA), subwoofers and fill speakers
- Hall mixing desk and connections (I/O and split)
- Stage monitors (wedges and in-ear)
- Wired microphones

Technician:

Two Finlandia Hall sound technicians are required for the event, responsible for hall sound and monitor mixing.

SOUND SYSTEM EXTENSION

(Piazza and Veranda)

Includes:

Extension of the Piazza performance stage sound system with additional speakers (delay lines) to cover Restaurant Halls 1-3, Veranda and the north end of the Piazza lobby. The 3rd floor balcony is not included in the extension.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

SOUND SYSTEM

PIAZZA, VERANDA, HALLS A & B

PA SYSTEM (XL)

(PA equipment only for Piazza)
For sound reinforcement of speeches and music at events.

Includes:
Sound system (incl. speakers and amplifiers) and its setup and teardown. Larger equipment than the previous Music Sound System.

Technician:
One (1) sound technician from Finlandia Hall is required for the event, who guides and supervises but is not responsible for mixing. Work is charged hourly according to the price list.

Note:
Suitable for situations where Finlandia Hall rents (to an external technical company or artist etc.) only the speaker system pre-built, and the external party is responsible for mixing and other technical equipment as well as mixing speeches at the event. If the client wants Finlandia Hall to handle speech mixing etc., a sound technician and additional equipment must be ordered separately.

PIAZZA, VERANDA, HALLS A & B

PA SYSTEM (L)

(PA equipment only, Veranda, Restaurant Halls, Halls A & B)
A sound system suitable for the space for live music, such as party bands and similar ensembles. The package includes only the sound equipment.

Includes:
- Main speakers (PA)
- Subwoofers
- Fill speakers
Suitable for situations where the performer has their own mixer and mixing engineer. Mixing service can be ordered separately if needed.

Technician:
One (1) sound technician from Finlandia Hall is required for the event, charged hourly according to the price list.

SOUND SYSTEM (L)

(Cocktail events)
A sound system suitable for the space for speech, presentation material and acoustic music, e.g. a small jazz ensemble. Suitable for speech events in a limited area of the Piazza.

Includes:
- Main speakers (PA)
- Up to four monitor speakers

Technician:
Mixing is done from the side of the stage. The service requires one (1) Finlandia Hall technician, whose work is charged according to event time per the price list.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

SOUND SYSTEM

PIAZZA, VERANDA, HALLS A & B

SMALL SOUND SYSTEM (M)

(Cocktail events) Sound system for speech or background music. Suitable for small-scale events, exhibition stands or limited area sound reinforcement.

Contents:

- Two speakers, subwoofer and mixing desk
- Wired microphone, 1 pc
- Connection option for customer's own device (e.g. iPad)

The sound system covers the immediate area.

Technician:

The price does not include technical supervision, but a technician can be ordered if needed for an additional charge.

MICROPHONES

WIRELESS MICROPHONE

OTHER

PORTABLE SOUND
DIVIDER (press box)

PIAZZA, VERANDA, HALLS A & B

SMALL SOUND SYSTEM (S)

(exhibition stand)

A small sound system for speech or background music. Suitable for a limited area, such as an exhibition stand or small presentation point.

Includes:

- Bose column speaker, 1 pc
- Wired microphone, 1 pc
- Connection option for customer's own device (e.g. iPad)

The price does not include technical supervision.

Technician:

The price does not include technical supervision, but a technician can be ordered if needed for an additional charge.

RIGGING SERVICES

SMALL RIGGING WORK
(1-2 trusses)

LARGER RIGGING WORK (3-6
trusses)

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

AV TECHNOLOGY

VIDEO PROJECTORS

FINLANDIA HALL PROJECTOR

Projector 1920x1080 (FULL HD)
Connections: HDMI and USB-C
Image size: 8x4.5 m
The screen rises from the floor at the back of the stage, approximately one meter toward the audience from the choir balcony edge

ADDITIONAL VIDEO PROJECTOR

ADDITIONAL LARGE SCREEN

Screen sizes:
600x338 cm and 700x394 cm

ADDITIONAL SMALL SCREEN

Screen sizes:
325x183 cm, 366x206 cm and 480x270 cm

WEBSTREAM

Finlandia Hall provides streaming as a turnkey service, for example through the Prospectum platform. The broadcast is produced with multiple robot cameras (2-3 pcs) that film the performer and stage from different angles. The stream also enables participant interaction, for example through a chat function. Interactivity can be enhanced with a separately ordered Message Wall service, which allows the audience to participate in discussion or ask questions in real time.

WEBSTREAM

Includes
- Webstream production via Prospectum platform
- 2-3 robot cameras
- Camera image control and broadcast
- Includes one Finlandia Hall stream technician

WEBSTREAM 10 H
additional days

WEBSTREAM 4 H
additional days

PRESENTATION TECHNOLOGY

Price / event space

BASIC PRESENTATION TECHNOLOGY
additional day

Price per event space, package includes:
- 1 pc presentation computer
- Speaker display
- Perfect cue presentation selector
- Includes setup and teardown time total 2 h

Requires a separate hall technician

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

AV TECHNOLOGY

PRESENTATION TECHNOLOGY

EXTENDED PRESENTATION TECHNOLOGY additional days

Includes

- 3 pc presentation computers
- Support monitor
- Perfect cue presentation selector
- Presentation time counter
- HDMI/SDI switch

Requires a separate hall technician

COMPUTER FOR PRESENTATION USE

additional days -50 %

SPEAKER DISPLAY

A 46"-55" comfort screen display placed at the edge of the stage to support the speaker. The display shows the same presentation content as the projection screen, making it easier for the speaker to proceed smoothly without needing to follow the main projection surface.

If you want the display to show speaker notes and Presenter View, it is available in connection with the Basic Presentation Technology product.

OTHER SERVICES

PRESENTATION TIME COUNTER

Presentation timer. Includes time display for the stage and a controller.

OTHER SERVICES

VIDEO LINK BETWEEN SPACES

A reliable video link between Finlandia Hall venues using AV-over-IP technology. Suitable for real-time video transfer between, for example, Otaniemi Hall and Finlandia Hall or interpreter booths.

SPEAKER FILMING AND RECORDING

The event is filmed with the hall's robot camera using a pre-directed general view.

The recording includes hall audio. Presentation material is not separately integrated into the video.

The finished recording is delivered as an MP4 file within 3 business days of the event.

SPEAKER FILMING AND RECORDING PIP (Picture-in-Picture)

Speaker filming with one of the hall's fixed robot cameras and recording using Picture-in-Picture (PiP) technology. The camera angle is static and is not controlled during the event.

In the recording, the speaker's image appears in a smaller window over or beside the presentation material, so that both the presenter and the presentation are clearly visible in the same frame.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

AV TECHNOLOGY

OTHER SERVICES

The package includes:

- speaker camera image
- presentation material
- hall audio

The solution is especially suitable for recordings and remote broadcasts where you want to combine the presenter and presentation in the same view.

The finished recording is delivered as an MP4 file within 2 business days of the event.

If you want the camera to follow the speaker, an operated camera is needed.

VIDEO RECORDING EDITING

Post-processing and editing of video recordings filmed with Finlandia Hall equipment, such as multi-camera production cutting and finishing. Editing needs are always agreed upon in advance before the event. Pricing is based on estimated working hours, and the minimum charge is 4 hours. The final working time is determined by the scope and content of the recording.

Indicative examples:

- Editing the beginning and end of a recording
- Cutting speaker segments into separate videos
- Adding graphics or text elements
- Subtitling or translation subtitling

LED SCREENS

LED displays customized for your event LED screen solutions can be implemented according to your event needs. Ask for more about larger implementations and request a quote.

PIAZZA LED

A large LED screen located at the top of the Piazza stairs. The screen size is 8x2 m and resolution 2688x672 px.

The screen supports Picture-in-Picture (PiP) function, which allows adding a separate 16:9 aspect ratio picture-in-picture window for video or presentation material.

Content is delivered in PNG format (image) or MP4 format (video or animation). Please note that the screen does not have built-in audio. A possible audio solution can be implemented separately as an additional service.

INFO DISPLAYS

Use of info displays in the reserved space for presentations. The displays can show material related to event guidance and communication such as images or videos. The number of displays depends on the reserved space. If delivered display material needs to be modified due to technical requirements, or material is delivered less than three business days before the event, a separate hourly charge will be applied according to the price list.

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.

AV TECHNOLOGY

LED SCREENS

LED POSTERS

Movable pylon-style LED display. 190 cm x 50 cm

DISPLAY ON STAND

Display 85"

High-definition 85" Samsung 4K LED display. The display includes soundbar audio. Note: Price does not include a presentation computer, which can be ordered separately.

Display 75"

High-definition 75" Samsung 4K LED display. Note: Price does not include a presentation computer, which can be ordered separately.

Display 55"

High-definition 55" Samsung 4K LED display. Note: Price does not include a presentation computer, which can be ordered separately.

INTERNET CONNECTIONS

WIRED INTERNET CONNECTION

A fixed, cable-based internet connection for event use. Especially suitable for situations requiring a stable and interference-free network connection, for example for streaming, presentation technology, or production use.

WIFI

Finlandia Hall's basic wireless network for event guests and general internet use.

WIFI PREMIUM

A dedicated wireless network for the event, where the customer's preferred network name (SSID) and password can be set. Suitable for situations where a separate and managed connection is desired, for example for the production team, speakers, or event organizer.

Network customizations according to a separate quote

SERVICE PRICE LIST

Orders must be submitted at least 21 days before the event. For late orders we reserve the right to a 50% / 100% price surcharge. Prices are subject to applicable VAT. Finlandia Hall Ltd reserves the right to product and price list changes.
